

**Amendments to the Specification:**

On page 1 of the application, please cancel the current title and add the following new title:

TcdB2 Protein from *Photorhabdus luminescens* W14

On page 15 of the application, please cancel the current abstract and add the following new abstract:

Abstract

TcdB2, a protein from *Photorhabdus luminescens* W-14, and nucleotide sequences encoding TcdB2, are useful for enhancing expression of orally active *Photorhabdus luminescens* insecticidal toxins in heterologous organisms.
